CHRISTMAS TREE RECYCLING

Every year, more than 40,000 tons of Christmas trees require handling at the end of the season in California. You can help divert waste from the landfill by following these simple steps:

1. **Remove the tree stand (wood or metal), decorations and tinsel from your tree.**
2. **Cut up your tree and place in your brown container (no tree stands please). The pieces should fit easily in your container.**
3. **Place the brown container at the curb along with the other containers on your regular collection day.**

If you are unable to put your tree in your brown yard waste can, place the tree at the curb next to your containers on your regular collection day. Trees are collected in a special truck. Trees larger than six feet tall must be cut in half. For more information, please call (714) 238-3300.

THE CITY RECEIVES

CERTIFICATE

OF

ACHIEVEMENT

FOR EXCELLENCE IN FINANCIAL REPORTING

The City of Placentia's Finance Department has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) of the United States and Canada for the City's Comprehensive Annual Financial Report (CAFR) for Fiscal Year 2016-17. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management.

"We work hard as a City to responsibly manage finances and carefully account for the City's revenues and expenditures, all with a goal to diligently care for taxpayers' money, to invest wisely and to be transparent about what we do with our funds," said Mayor Chad Wanke.

"This accomplishment is a direct result of the dedication and professionalism of our Finance Department who works diligently to accurately and effectively communicate the City's financial picture to the public," said City Administrator Damien R. Arrula.

GFOA established the Certificate of Achievement for Excellence in Financial Reporting Program (CAFR Program) in 1945 to encourage and assist state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare comprehensive annual financial reports that evidence the "spirit of full disclosure" and then to recognize individual governments that succeed in achieving that goal. The goal of the program is not to assess the financial health of participating governments, but rather to ensure that users of their financial statements have the information they need to do so themselves.

Reports submitted to the CAFR program are reviewed by selected members of the GFOA professional staff and the GFOA Special Review Committee (SRC), which comprises individuals with expertise in public sector financial reporting and includes financial statement preparers, independent auditors, academics, and other finance professionals.

WITH THANKSGIVING APPROACHING, CONSIDER THIS...

Many of us have purchased turkey fryers. These can produce a moist, delicious bird for our Thanksgiving dinners. They also produce a significant amount of cooking grease, which can cause serious blockages in sewer lines and leak from the bottom of trash containers.

Please collect the waste grease from your turkey fryer and dispose of it at your local Household Hazardous Waste Center. Call (714) 834-4000 for locations and hours of operation.

THANKSGIVING FOOD DRIVE

Help us help our neighbors in need! The City of Placentia and Friendly Center have partnered to host a Thanksgiving Food Drive. Donations of non-perishable items i.e., canned fruits and vegetables, mashed potatoes and gravy, rice, beans, pasta, cake and bread mixes or stuffing, can be dropped off Monday-Friday from 9:00 AM to noon and 1:00 PM to 5:00 PM at the Whitten Community Center, 900 S. Melrose, Placentia. Turkey donations accepted on Tuesday, November 20 from 9:00 AM to noon.

RICH HERITAGE, BRIGHT FUTURE: THE PLACENTIA GENERAL PLAN

The City of Placentia is well underway in updating its General Plan; the first comprehensive update of the General Plan in the City's history. Although this process has started several times in the past 10 years, the current update is anticipated to be completed in January 2019. Our General Plan is the City's long-term blueprint for the preservation, growth, development and operation of a community. The General Plan is the City's most important long-term planning document in that it attempts to project 20 years or further into the future. The General Plan is intended to reflect and implement the long-term vision of the community with supporting goals and policies, which the City Council will evaluate and consider adopting. Staff, the Planning Commission and City Council will utilize the updated General Plan when considering land use decisions for the foreseeable future. The General Plan directly impacts short and long-term decisions, budgeting, and programs to support that vision.

Being a comprehensive document, the General Plan covers the entire area within a city's boundaries and areas outside the city limits deemed to be within a city's sphere of influence. It is also comprehensive in the issues it addresses. The General Plan is presented as a collection of "topical elements," of which seven are mandatory. The seven State-mandated elements are: Land Use, Circulation, Housing, Conservation, Open Space, Noise, and Safety. Each of the seven mandatory elements are required to be addressed by the General Plan; however, State law allows local governments to organize and format their General Plans however they desire if the required topics or elements are addressed.

The City of Placentia's current General Plan was adopted in 1977. Since that time, the city has grown and changed. New laws have passed that affect General Plans and new planning strategies have been developed. In the past 41 years, a wholesale update of the Placentia General Plan has never occurred. However, some individual elements have been updated over time. Pursuant to State law, the Housing Element must be updated every five to seven years. However, the General Plan has never been comprehensively updated to reflect the last 40 years and to adequately plan for the future of the City. All of the changes that have occurred over the last 41 years require a reevaluation of the existing General Plan and confirmation of the vision for Placentia.

The General Plan Update is titled "Rich Heritage, Bright Future: The Placentia General Plan" and will address the seven core elements, along with three additional elements; the Sustainability Element and two optional elements: Economic Development Element, and the Health, Wellness, and Environmental Justice Element. These optional elements will assist in identifying key areas in the City that present opportunities for economic development while at the same time ensuring that the City is promoting healthy lifestyles in all areas of the City. This comprehensive update will provide us a look ahead to the year 2040, not only updating policies and programs, but also to provide a strong foundation for the quality of life enjoyed by residents, businesses, and visitors.

To involve stakeholders and provide community input for the General Plan update process, the City Council established the General Plan Advisory Committee (GPAC) in 2014. The GPAC is tasked with reviewing and making recommendations to the Planning Commission and City Council regarding the draft General Plan documents including changes to the City's land use plan. The GPAC consists of community members and representatives from Commissions and Committees. The last GPAC meeting took place in May of 2018 and the next scheduled meeting will be posted soon on the City's website. All GPAC meetings are open to the public. "Rich Heritage, Bright Future: The Placentia General Plan" is slated to be considered for adoption in early 2019.

If you would like to get involved and obtain more information about the General Plan Update, you may contact Director of Development Services Joe Lambert at (714) 993-8124 or visit the City Website www.Placentia.org, and click on the "General Plan Update" link on the Development Services Department page.
