

## ARGUMENT IN FAVOR OF MEASURE U

Tired of having Sacramento politicians, who don't live in Placentia seizing our money?

Do something about it! We all live here for Placentia's great quality of life. Vote **YES on U** -- protect Placentia's 911 response/quality of life services!

Over 77% of 911 calls are for medical emergencies-- we must save lives by maintaining rapid 911 response. Vote **YES on U** to make sure any resident or family receives help when they need it, fast.

**YES on U** provides the funding needed to avoid deep cuts in police/ fire protection, 911 emergency response, the maintenance of streets/parks, and programs for youth/ seniors.

**YES on U** keeps our Police Department LOCAL -- guaranteeing our own proactive neighborhood police patrols. We don't want our police officers diverted to other cities—we must maintain our own local Department to continue to put OUR needs first!

**YES on U** maintains the quality of life that makes Placentia a great place to live, work, and do business:

- Protect quick responses to 9-1-1 emergencies
- Repair potholes and streets
- Maintain fire protection/emergency medical services
- Reduce gang activity/drug-related crimes
- Keep public areas clean/free of graffiti

Here's what Measure U WON'T do:

Measure U is NOT a tax on your home or property.

Measure U is NOT applied to food purchased as groceries or prescription medication.

Again -- by law, **YES on U** requires every dime be used for our local services—none can be taken by Sacramento politicians. **YES on U** gives you—the Placentia taxpayer -- LOCAL CONTROL.

**YES on U** includes tough fiscal accountability, independent financial audits and public oversight—ensuring funds are spent responsibly.

Join a unanimous City Council, local businesses, police officers, firefighters and residents in voting **YES on U**.
