DO NOT RECORD

REQUIREMENTS AS TO NOTICE OF COMPLETION

A notice of completion must be filed for record WITHIN 10 DAYS after completion of the work of improvement (to be computed exclusive of the day of completion), as provided in Civil code Section 3093.

The "owner" who must file for record a notice of completion of a building or other work of improvement means the owner (or his successor in-interest at the date the notice is filed) on whose behalf the work was done, though his ownership is less than the fee title. For example, if A is the owner in fee, and B, lessee under a lease, causes a building to be constructed, then B, or whoever has succeeded to his interest at the date the notice is filed, must file the notice.

If the ownership is in two or more persons as joint tenants or tenants in common, the notice may be signed by any one of the co-owners (in fact, the foregoing form is designed for giving of the notice by only one cotenant), but the names and addresses of the other co-owners must be stated in paragraph 5 of the form.

Note that any Notice of Completion signed by a successor in interest shall recite the names and addresses of his transferor or transferors.

In paragraphs 3 and 5, the full address called for should include street number, city, county and state.

As to paragraphs 6 and 7, this form should be used only where the notice of completion covers the work of improvement as a whole. If the notice is to be given only of completion of a particular contract, where the work of improvement is made pursuant to two or more original contracts, then this form must be modified as follows (1) Strike the words "A work of improvement" from paragraph 6 and insert a general statement of the kind of work done or materials furnished pursuant to such contract (e.g., "The foundations for the improvements"); (2) Insert the name of the contractor under the particular contract in paragraph 7.

In paragraph 7 of the notice, insert the name of the contractor for the work of improvement as a whole. No contractor's name need be given if there is no general contractor, e.g., on so-called "owner-builder jobs."

In paragraph 8, insert the full, legal description, not merely a street address or tax description. Refer to deed or policy of title insurance. If the space provided for description is not sufficient, a rider may be attached.

In paragraph 9, show the street address, if any, assigned to the property by any competent public or governmental authority.

This standard form covers most usual problems in the field indicated. Before you sign, read it, fill in all blanks, and make changes proper to your transaction. Consult a lawyer if you doubt the form's fitness for your purpose.

Placentia City Council

AGENDA REPORT

TO: CITY COUNCIL

VIA: CITY ADMINISTRATOR

FROM: FINANCE DIRECTOR

DATE: FEBRUARY 7, 2012

SUBJECT: MODRIS VEISMANIS, ATTORNEY AT LAW BUSINESS LICENSE ADMINISTRATIVE FEE APPEAL

FISCAL IMPACT: \$15.00 IN REVENUE REDUCTION

SUMMARY:

On December 2, 2008, the City Council approved Resolution No. R-2008-104 (see attachment A) establishing administrative fees related to business licensing, business license tax collection, and enforcement of business license tax regulations. Staff has incorporated the administrative fee of \$25.00 for new Business License and \$15.00 for Business License renewal. Modris Veismanis, Attorney at Law, located at 151 N. Kraemer Boulevard Suite 225 has been in business in the City of Placentia since 1979 and is current on Business License tax for Professions. The business submitted a written notice to the City Clerk's Office appealing the Business License administrative fee due to conflict between Resolution No. R-2008-104 and Placentia Municipal Code § 5.08.490 (see attachment B). This action is to consider an appeal by Modris Veismanis, Attorney at Law, pursuant to Placentia Municipal Code § 6.08.090 (see attachment C), for the reimbursement of administrative fee.

RECOMMENDATION:

It is recommended that the City Council deny the appeal of the Business License administrative fee.

DISCUSSION:

In December 2008, City Council approved, after a public hearing, R-2008-104 establishing a City of Placentia Business License Administrative Fee as part of the City Administrator's Financial Recovery Plan to cover the cost of issuing and enforcing Business License requirements. Staff had computed the total cost of employee compensation, materials, and supplies then divided by the average number of business licenses. The approved administrative fee for new Business License is \$25.00 and \$15.00 for Business License renewal. Staff is in the process of concluding a revenue fee study that supports the administrative fee. Modris Veismanis, Attorney at Law, is appealing the administrative fee after receiving a notice of balance due of \$15.00 for the administrative fee.

A notice of balance due of \$15.00 was mailed out to Modris Veismanis, Attorney at Law, in November 2011. The City received a correspondence (see attachment D) in December 2011 from the business asserting the fee was illegal due to Placentia Municipal Code § 6.08.060 (see attachment E); however, the Code only references Business License permit fees and applies to the business or activity listed in Placentia Municipal Code § 5.08.490. A memo was mailed on December 19, 2011 in response to

2.a.
February 7, 2012

Mr. Veismanis's concern (see attachment F). Mr. Veismanis submitted the \$15.00 administrative fee on January 6, 2012, under protest, and is requesting a refund on the basis that R-2008-104 is "in conflict with the ordinance that established both the Business License fees for various occupations, professions and businesses and their respective renewal fees for only some of those entities" (see attachment G). In addition to Placentia Municipal Code § 6.04.030 (see attachment H) requiring all businesses within the City or those coming into the City to transact and carry on any business, trade, profession, calling or occupation to secure a Business License from the City, business or activity lists under Placentia Municipal Code § 5.08.490 is required to secure a Business License permit fees.

Pursuant to Placentia Municipal Code § 6.08.090 – Right to Appeal, any person who disagrees with the amount of tax due for business license may appeal to the City Council by filing a written notice with the City Clerk within ten (10) days after payment of the license tax. Business License tax is enacted solely to raise revenues for fire, police, and/or infrastructure services for the community. The California Government Code allows cities to recover reasonable costs associated with operations; thus, an administrative fee was approved in December 2008.

Pursuant to Resolution No. R-2008-104, Modris Veismanis, Attorney at Law, is required to pay the Business License administrative fee of \$15.00 on an annual basis.

SUBJECT: Business License Renewal and Administrative Fees

Dear Mr. Veismanis:

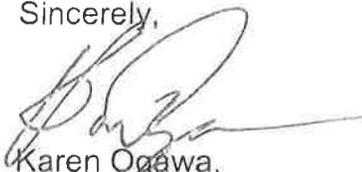

We received your letter regarding a concern you had on Business License Renewal and Administrative Fees.

According to Municipal Code Section 6.04.120, every annual license shall expire at midnight on June 30th following its issuance. Once expired, you are required to renew. Municipal Code Section 6.08.060 only references business license permit fees and applies to the business or activity listed in that ordinance.

With regard to the administrative fee, on December 2, 2008, the City Council approved a Resolution No. R-2008-104 establishing administrative fees related to Business Licensing, Business License Tax Collection, and enforcement of Business License Tax regulations, which is attached for your review. The administrative fee for Business License renewal is \$15.00 which was not included in your August payment. Please return the Notice of Balance Due and remit a payment.

If you have any questions, please contact Maggie Le in Business License at 714.993.8135.

Sincerely,

Karen Ogawa,
Finance Director

Dear Ms. Ogawa:

Thank you for your letter, dated December 19, 2011, which I received late because I was on an extended vacation.

I am paying the \$15.00 fee, but under protest, and subject to a claim of reimbursement. I enclose my check No. 5302, for that purpose.

My reading of the resolution you enclosed (R-2008-104), shows it to be in conflict with the ordinance that established both the license fees for various occupations, professions and businesses and their respective renewal fees for only some of those entities. If your interpretation is correct, then some businesses would be subject to 2 renewal fees; one under the ordinance and the other under the resolution. Needless to say, tucking this "fee" into a resolution that is subject to little public scrutiny because it does not appear as an ordinance was really is "sneaky" at best. When read together, the two legislative acts appear voidable by reason of the aforementioned ambiguity.

Sincerely,

Modris Veismanis

Placentia City Council

AGENDA REPORT

TO: CITY COUNCIL

VIA: CITY ADMINISTRATOR

FROM: DIRECTOR OF ADMINISTRATIVE SERVICES AND COMMUNITY SERVICES

DATE: FEBRUARY 7, 2012

SUBJECT: **ORDINANCE APPROVING AN AMENDMENT TO CONTRACT BETWEEN THE BOARD OF ADMINISTRATION CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM AND THE CITY OF PLACENTIA**

FISCAL
IMPACT: TO BE DETERMINED

SUMMARY:

In an effort to address employee pension costs, the City and the miscellaneous employees agreed to a two-tier program for all new miscellaneous employees hired after the effective date of the amendment to the contract. The miscellaneous employees include all full-time non-sworn personnel (Placentia City Employees Association, Mid-Management, and Management staff). This action will adopt the Ordinance adopting amendments to the CalPERS retirement contract, Section 20475 (Different Level of Benefits) and Section 21353 (2% @ 60 formula) applicable to local miscellaneous members entering membership for the first time in the miscellaneous classification after March 31, 2012.

RECOMMENDATION:

It is recommended that the City Council take the following action:

1. Waive full reading, read by title only, and introduce for first reading, Ordinance O-2012-___, An Ordinance of the City Council of the City of Placentia, California, authorizing an amendment to the contract between the City Council of the City of Placentia and the Board of Administration of the California Public Employees' Retirement System.

DISCUSSION:

To address increasing concerns with employee pension costs, the City Council directed Staff to work with employee representatives to provide for a two-tier retirement program under which new employees would be covered by a less expensive plan than the 2% @ 55 formula provided to current full-time miscellaneous employees. Under the proposed amendment to the contract, the second-tier retirement program for miscellaneous employees would be at the 2% @ 60 formula. The first step in the CalPERS' process for implementing the new two-tier plan was adoption of a Resolution of Intention to approve the CalPERS contract amendment. On January

3.a.

February 7, 2012

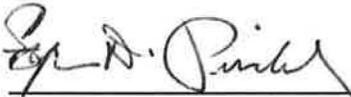

17, 2012, Council adopted a Resolution of Intention to approve the PERS contract amendment and instructed staff to submit for consideration an Ordinance adopting the contract amendment. The actual Ordinance authorizes the amendment to the contract between the City and PERS to provide for a second tier retirement program for miscellaneous employees hired after March 31, 2012.

FISCAL IMPACT:

The fiscal impact of implementing a second tier will be future savings in employer contributions for retirement for those new employees who are hired or enrolled after the effective date of implementation. Implementation of a second tier system is considered a significant long term savings measure for miscellaneous employees. Actual savings will not be fully realized for many years.

AGENDA REPORT

TO: CITY COUNCIL/BOARD OF DIRECTORS
VIA: CITY ADMINISTRATOR/EXECUTIVE DIRECTOR
FROM: ASSISTANT CITY ADMINISTRATOR
DATE: FEBRUARY 7, 2012
SUBJECT: **PROFESSIONAL SERVICES AGREEMENT WITH KOA CORPORATION FOR THE PREPARATION OF A TRAFFIC STUDY/TRAVEL DEMAND MODELING TO UPDATE THE CIRCULATION ELEMENT OF THE GENERAL PLAN AND ASSOCIATED PROGRAM ENVIRONMENTAL IMPACT REPORT (PEIR)**

FISCAL
IMPACT: EXPENSE: \$56,350.00
OFFSETTING REVENUE: \$56,350.00 (ACCOUNT NO.:333552-6015 J/L 61036)
BUDGETED: \$75,000

SUMMARY:

Presently, the City is in the process of performing a comprehensive update of the General Plan. This important effort is the first time since the 1970's that the General Plan will be comprehensively updated, revised and modernized to meet current legal requirements. The General Plan Elements that are being updated are as follows: Land Use, Circulation, Open Space and Recreation, Noise, Resource Management, Safety and Noise. The Housing Element is an important component of the General Plan, but it is not included as part of the comprehensive update since it was most recently adopted by the City Council on February 16, 2010. This action will award a Professional Services Agreement to KOA Corporation to prepare the necessary traffic study/demand modeling reports to complete the Circulation Element.

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Approve a Professional Services Agreement with KOA Corporation in a form approved by the City Attorney and for an amount not to exceed \$56,350.00, for the preparation of a traffic study, including travel demand modeling, for the Circulation Element of the General Plan and Program Environmental Impact Report (PEIR); and
2. Authorize the City Administrator to execute all necessary documents to effectuate this agreement.

DISCUSSION/BACKGROUND:

The General Plan update began in 2000 and an administrative draft was completed by RBF Consulting. Due to a number of circumstances, the environmental review was not started and the General Plan update was placed on an indefinite hold. The City has since re-started the

General Plan update and is targeting the latter part of 2012 for the adoption of the General Plan update and the certification of an associated Program Environmental Impact Report (PEIR).

Since the preparation of the 2001 administrative draft of the General Plan, State laws governing the preparation of General Plan elements and environmental documentation have been amended, thereby making the technical portions of the Circulation, Noise and Air Quality (contained in the Resource Management Element) elements out of date. Furthermore, the other key change from 2001 is the Orange County Transportation Authority's (OCTA's) current OC Bridges grade separation project at major arterial crossings of the BNSF railroad tracks, which includes 5 locations in the City.

Late last year, the City contracted with a firm to collect existing traffic count data throughout the City, including daily counts at 73 segments and AM/PM peak hour volumes at 36 intersections. The data collection was recently completed and these traffic counts will now serve as the required existing baseline for the Circulation Element.

The critical path to comprehensively updating the General Plan is via the Circulation Element. In order to update the Circulation Element, as well as the rest of the elements of the General Plan, a traffic study/demand modeling is required. A Request for Qualifications (RFQs) was mailed out (as well as posted on the City's website) to several qualified traffic engineering firms to solicit the submittal of a Statement of Qualifications (SOQs) for traffic study/demand modeling services. Out of 5 respondents that submitted SOQs, KOA Corporation was selected based on their project understanding, approach, knowledge and experience with these types of projects. The evaluation panel consisted of internal staff within Administration, Engineering and the City's Traffic Engineer. The respondents additionally submitted sealed fee sheets to include range of hourly rates. KOA Corporation was selected first overall and their submitted fee and hourly rate schedule was viewed as reasonable by the Traffic Engineer and within the budgeted amount.

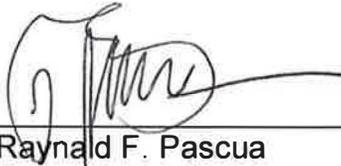

Consultant	Overall Ranking	Rater 1	Rater 2	Rater 3	Rater 4	Cost Rank	Range of Hourly Rates
KOA Corporation	1	1	1	2	2	2	\$190.00 – 80.00
Iteris	2	2	2	5	1	3	\$205.00 – 85.00
Urban Crossroads	3	4	4	1	4	1	\$150.00 – 80.00
Fehr and Peers	4	5	3	4	3	4	\$210.00 – 90.00
Lindscott Law and Greenspan	5	3	5	3	5	5	\$225.00 – 50.00

KOA Corporation was ranked first overall due to their background, knowledge and experience in the area of traffic engineering and modeling, Complete Streets, as well as their extensive understanding of the traffic conditions in Orange County, with relevant and recent projects in the cities of Yorba Linda, Fullerton, Santa Ana, County of Orange and La Habra. Furthermore, KOA Corporation is familiar with the City as they have previously prepared a Traffic Impact Analysis (TIA) for constructing a grade separation for Rose Drive/Tustin Avenue at Orangethorpe Avenue and the BNSF railroad in the City of Placentia and the City of Anaheim. Ranking sheets for review may be obtained from the City's Development Services Department as only the above matrix has been included for the Staff Report.

FISCAL IMPACT:

The update of the General Plan and necessary traffic studies was identified in the development of the Fiscal Year 2011-12 Operating Budget and Capital Improvement Program (CIP). The Traffic Study/Demand Modeling was allocated a \$75,000 budget with the Traffic Operations portion of the CIP. The fee schedule submitted by KOA is for \$49,000 and staff is including a 15% contingency for supplemental items, if so required, to conclude the studies, for an overall, not to exceed award total of \$56,350.00. This amount will be paid for out of Account No.:333552-6015 J/L 61036 as identified in the Capital Improvement Program and Operating Budget and the funding source is AB 2766 Subvention Fund Program. This funding source is generated through Motor Vehicle License Fees and is distributed to cities on a quarterly basis by the local Air Quality Management District based on their percentage of population, to be used to reduce motor vehicle air pollution. The completion of traffic studies and demand modeling in support of the General Plan's Circulation Element have been deemed to be eligible expenses for this funding source due to the addressing of traffic and greenhouse gas reduction strategies as contained within the documents.

Final payment shall be made not later than 60 days after presentation of final Documents and acceptance thereof by CITY.

(d). Additional services: Payment for additional services requested, in writing, by CITY, and not included in CONSULTANT's proposal as set forth in Exhibit "B" shall be paid on a reimbursement basis in accordance with the fee schedule set forth in said Exhibit "B." Any additional services must be approved, in advance, in writing, by the Administrator. If the Administrator CONSULTANT is in default in the performance of any of the terms or conditions of this Agreement, the Administrator shall cause to be served upon CONSULTANT written notice of default. CONSULTANT shall have ten (10) calendar days after service of said notice in which to cure the default by rendering satisfactory performance. In the event that CONSULTANT fails to cure its default within

(c). **General Indemnification Provisions.** CONSULTANT agrees to obtain executed indemnity agreements which indemnify, protect, defend and hold harmless the Indemnitees from liability, with provisions identical to those set forth here in this § 9 from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Consultant in the performance of this Agreement. In the event Consultant fails to obtain such indemnity obligations from others as required, this failure shall be a material breach of this Agreement, and Consultant agrees to be fully responsible according to the terms of this entire § 10. CITY shall have no obligation to ensure compliance with this Section by CONSULTANT and failure to do so will in no way act as a waiver. This obligation to indemnify and defend is binding on the successors, assigns or heirs of Consultant, and shall survive the termination of this Agreement or this Section.

(d). **Obligation to Defend.** It shall be the sole responsibility and duty of CONSULTANT to fully pay for and indemnify the Indemnitees for the costs of defense, including but not limited to attorneys' fees and costs, for all Claims against CITY and the Indemnitees, whether covered or uncovered by CONSULTANT's insurance, against the CITY and/or the Indemnitees which arise out of any type of omission or error, negligent or wrongful act, of CONSULTANT, its officers, agents, employees, or subcontractors. CITY shall have the right to select defense counsel.

11. Assignment: No assignment of this Agreement or of any part or obligation of performance hereunder shall be made, either in whole or in part, nor any monies due hereunder, by CONSULTANT without the prior written consent of CITY.

12. Licenses/Certifications: At all times during the term of this Agreement, CONSULTANT shall keep and maintain, in full force and effect, all licenses or certifications required of CONSULTANT by law for the performance of the services described in this Agreement.

13. Legal Responsibilities: (a). **Legal Requirements.** CONSULTANT shall keep itself informed of State and Federal laws and regulations which in any manner affect those employed by it or in any way affect the performance of its service pursuant to this Agreement. CONSULTANT shall at all times observe and comply with all such laws and regulations. Neither CITY, nor its elected or appointed officers, employees or agents shall be liable at law or in equity occasioned by failure of CONSULTANT to comply with this Section.

(b). **Non-liability of City Officers and Employees.** No elected or appointed officer, official, employee or agent of CITY shall be personally liable to

CONSULTANT, or any successor-in-interest, in the event of any default or breach by CITY or for any amount which may become due to CONSULTANT or to its successor, or for breach of any obligation of the terms of this Agreement.

(c). Undue Influence. CONSULTANT declares and warrants that no undue influence or pressure is used against or in concert with any elected or appointed officer, official, employee or agent of CITY in connection with the award, terms or implementation of this Agreement, including any method of coercion, confidential financial arrangement, or financial inducement. No elected or appointed officer, official, employee or agent of CITY will receive compensation, directly or indirectly, from CONSULTANT, or from any officer, employee or agent of CONSULTANT, in connection with the award of this Agreement or any work to be conducted as a result of this Agreement. Violation of this Section shall be a material breach of this Agreement entitling CITY to any and all remedies at law or in equity.

(d). No Benefit to Employees. No elected or appointed officer, official, employee or agent of CITY, or their designees or agents, and no public official who exercises authority over or responsibilities with respect to the Project during his/her tenure, or for one year thereafter, shall have any interest, direct or indirect, in any agreement or sub-agreement, or the proceeds thereof, for work to be performed in connection with the Project performed under this Agreement.

(e). Nondiscrimination. In connection with its performance under this Agreement, CONSULTANT shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age, marital status, ancestry, or national origin. CONSULTANT shall ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, age, marital status, ancestry, or national origin. Such actions shall include, but not be limited to, the following: Employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, or selection for training, including apprenticeship.

14. Patent/Copyright: (a). To the fullest extent permissible under law, and in lieu of any other warranty by CITY or CONSULTANT against patent or copyright infringement, statutory or otherwise, it is agreed that CONSULTANT shall defend at its expense any claim or suit against CITY on account of any allegation that any item furnished under this Agreement, or the normal use or sale thereof arising out of the performance of this Agreement, infringes upon any presently existing U.S. letters patent or copyright and CONSULTANT shall pay all costs and damages finally awarded in any such suit or claim, provided that CONSULTANT is promptly notified in writing of the suit or claim and given authority, information and assistance at CONSULTANT'S expense for the defense of same, and provided such suit or claim arises out of, pertains to, or is related to the negligence, recklessness or willful misconduct of CONSULTANT. However, CONSULTANT will not indemnify CITY if the suit or claim results from: (1)

CITY's alteration of a deliverable, such that CITY's alteration of such deliverable created the infringement upon any presently existing U.S. letters patent or copyright; or (2) the use of a deliverable in combination with other material not provided by CONSULTANT when it is such use in combination which infringes upon an existing U.S. letters patent or copyright.

(b). CONSULTANT shall have sole control of the defense of any such claim or suit and all negotiations for settlement thereof and CONSULTANT shall not be obligated to indemnify CITY under any settlement made without CONSULTANT's consent or in the event CITY fails to cooperate in the defense of any suit or claim, provided, however, that such defense shall be at CONSULTANT's expense. If the use or sale of such item is enjoined as a result of the suit or claim, CONSULTANT, at no expense to CITY, shall obtain for CITY the right to use and sell the item, or shall substitute an equivalent item acceptable to CITY and extend this patent and copyright indemnity thereto.

15. Release of Information/Conflict of Interest: (a). All information gained by CONSULTANT in performance of this Agreement shall be considered confidential and shall not be released by CONSULTANT without CITY's prior written authorization. CONSULTANT, its officers, employees, agents, or subconsultants, shall not, without written authorization from the Administrator or unless requested by CITY's City Attorney, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories, or other information concerning the work performed under this Agreement or relating to any project or property located within the CITY. Response to a subpoena or court order shall not be considered "voluntary" provided CONSULTANT gives CITY notice of such court order or subpoena.

(b). CONSULTANT shall promptly notify CITY should CONSULTANT, its officers, employees, agents, or subconsultants be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions, or other discovery request, court order, or subpoena from any person or party regarding this Agreement and the work performed thereunder or with respect to any project or property located within the CITY. CITY retains the right, but has no obligation, to represent CONSULTANT and/or be present at any deposition, hearing, or similar proceeding. CONSULTANT agrees to cooperate fully with CITY and to provide the opportunity to review any response to discovery requests provided by Consultant. However, CITY's right to review any such response does not imply or mean the right by CITY to control, direct, or rewrite said response.

16. Damages: In the event CONSULTANT fails to submit to CITY the completed Project, together with all documents and supplemental material required hereunder, in public hearing form to the reasonable satisfaction of CITY, within the time set forth herein, or as may be extended by written consent of the parties hereto, CONSULTANT shall pay to CITY, as liquidated damages and not as a penalty, the sum of one hundred dollars (\$100.00) per day for each day CONSULTANT is in default,

which sum represents a reasonable endeavor by the parties hereto to estimate a fair compensation for the foreseeable losses that might result from such a default in performance by CONSULTANT, and due to the difficulty which would otherwise occur in establishing actual damages resulting from such default, unless said default is caused by CITY or by acts of God, acts of the public enemy, fire, floods, epidemics, or quarantine restrictions.

17. Independent Contractor: The Parties hereto agree that CONSULTANT and its employers, officers and agents are independent contractors under this Agreement and shall not be construed for any purpose to be employees of CITY.

18. Governing Law: This Agreement shall be governed by and construed in accordance with the laws of the State of California.

19. Attorneys' Fees: In the event any legal proceeding is instituted to enforce any term or provision of the Agreement, the prevailing party in said legal proceeding shall be entitled to recover attorneys' fees and costs from the opposing party in an amount determined by the court to be reasonable.

20. Authority to Execute: The person or persons executing this Agreement on behalf of CONSULTANT warrant(s) and represent(s) that he/she has the authority to execute this Agreement on behalf of CONSULTANT and has the authority to bind CONSULTANT to the performance of CONSULTANT's obligations hereunder.

21. Entire Agreement: This Agreement supersedes any and all other agreements, either oral or in writing, between the parties with respect to the subject matter herein. Each party to this Agreement acknowledges that no representation by any party which is not embodied herein nor any other agreement, statement, or promise not contained in this Agreement shall be valid and binding. Any modification of this Agreement shall be effective only if it is in writing signed by all parties.

Comprehensive General Plan Update - Circulation Element

3 – Project Understanding and Approach

PROJECT UNDERSTANDING

Located in Orange County's northeast corner, the City of Placentia has established its status as a bedroom community in Southern California. The current General Plan update for the City of Placentia was drafted in 2001 but never adopted due to a number of reasons. The City of Placentia is currently in the process of updating its General Plan (GP) and needs technical support for the circulation element. The Circulation Element (also known as Mobility Element) is one of the most complex planning components of the General Plan. In addition to the traditional automobile traffic planning needs of the General Plan to be addressed in the traditional manner, other elements will need to be emphasized to the level that recognizes the City's commitment toward sustainability (SB 375), including alternate transit modes, pedestrians, and bicycles. The complete streets implementation will need to be incorporated in the new Circulation Element.

The Circulation Element of the General Plan should appropriately reflect existing background conditions, goals, opportunities, and constraints for the future. The updated Circulation Element will address a wide variety of transportation issues with a discussion and analysis level appropriate for inclusion in the General Plan document. Particularly for the City of Placentia, the Metrolink project and the OC Bridge Grade Separation project will need to be considered and incorporated into the update effort. In addition, current street standards should be reexamined. The areas of emphasis will include automobile, trucks, pedestrians, bicycle, transit, multi-modal transportation, and neighborhood traffic management programs (NTMP).

KOA will conduct surveys and research to assess the existing circulation facilities, document the City's achievement in implementing the vision of the General Plan, and identify the status and requirements for further implementation of the plan and the roadway standard.

Our work plan below discusses our generalized approach to this project.

APPROACH/WORK PLAN

Task 1 – Study Orientation and Scope Refinement

KOA will attend a kick-off meeting with the project team and prepare the project scope. The following items will be discussed:

- Study intersections and study roadway segments.
- General Plan buildout land use data.
- General Plan traffic volume forecasting methodology.
- Traffic analysis methodology.
- Expectations for sustainability analysis.
- Project schedule.
- Communication channels.

After the meeting, KOA will submit a scoping letter for the City's review and approval.

Comprehensive General Plan Update - Circulation Element

At the kickoff meeting, KOA will collect all relevant plans or reports from the City, including the Metrolink project scheduled to start in the downtown area in 2013 and OCTA's OC Bridge grade separation project which is to construct underpass and/or overpass grade separations at the major north-south roadways, in conjunction with the City of Fullerton. KOA is currently completing the Rose/Tustin grade separation traffic study and has obtained the regional traffic study information.

Task 2 – Data Collection and Field Review

It is our understanding that the City has collected peak-hour intersection turning movement counts for 36 intersections and ADT counts for 73 roadway segments. KOA will check the data to ensure the traffic flow reasonableness. It is possible that KOA and City staff may decide to collect more data and cover more study areas. At this time, it is unknown if the City has collected pedestrian, bicycle, and truck data. If not, KOA and City staff may identify locations for pedestrian, bicycle, and truck counts. However, no more than four or five additional locations are anticipated.

KOA will then conduct a field review to inventory roadway geometries, review the locations and intersections in the field, and observe the existing traffic operations. We will examine not only the City's roadway system for passenger cars and trucks, but also the existing transit system and non-motorized system, including pedestrian and bicycle facilities.

Task 3 – Background Technical Analysis

The existing conditions analysis includes the following six subtasks:

- Current traffic conditions.
 - Identify and define current circulation conditions.
 - Calculate AM/PM peak hour levels of service (LOS) at up to 40 key intersections and 75 roadway segments.
 - Document existing traffic conditions and deficiencies based on the traffic study guidelines.
- Transit service.
 - KOA will document existing transit services within and near the City, including bus routes and park-and-ride facilities.
- Non-motorized transportation system.
 - Current bicycle element.
 - OCTA's bicycle master plan (KOA was involved in the OCTA bicycle master plan project) will be used as the base for the bicycle system.
 - Current pedestrian element.
 - The pedestrian component was not addressed in the current General Plan document. KOA will evaluate the existing pedestrian element, including sidewalk and pedestrian crossings, in conjunction with the neighborhood traffic management program.
- Rail transportation.
 - The Burlington Northern Santa Fe Railway (BNSF) operates a freight rail line along the Orangethorpe Corridor to connect the Port of Los Angeles with the Inland Empire and Midwest United States. KOA will collect data regarding daily train frequency and evaluate the delay and queuing conditions, if necessary. The OCTA Grade Separation project will be fully documented for the rail transportation component.

Comprehensive General Plan Update - Circulation Element

- Other relevant plans and programs.
 - KOA will describe relevant plans and programs at the County, regional, and State level, along with their relationships to the City's General Plan. KOA will identify consistency requirements and areas of potential conflict, inconsistency, or incompatibility.
- Background technical report.
 - KOA will prepare a report with text, maps, tables, and diagrams of existing transportation conditions in the City.

The background report will use the Orange County Congestion Management Program (CMP) and the City's traffic study guidelines to establish assessment criteria for long-range impacts of the projected growth in the City's planning area. Both ICU and HCM methodologies will be used for the analysis. The City's current General Plan defines LOS D as an acceptable level of service, while Orange County defines LOS E as acceptable for the CMP intersections.

Task 4 – Traffic Volume Forecast and Modeling

In order to evaluate the City's roadway system for possible modification or street reclassification, reasonable traffic volume forecasts are critical. KOA plans to use the most current version of the Orange County Transportation Authority's (OCTA) traffic analysis model (OCTAM) to conduct the travel forecasts. OCTA modeling staff is testing the OCTAM Version 3.4 and plans to release the new version for public use in February 2012, per our recent conversation with OCTA staff. OCTAM 3.4 includes the Orange County Projections (OCP) 2010 Employment, Housing and Population. Placentia OCP 2010 data has been incorporated into the model by transportation analysis zones (TAZ). OCTAM consists of a 2,940 TAZ system with the primary focus of the modeling area being Orange County. The model has been used to evaluate circulation and transit system needs throughout the County.

With this General Plan update effort, KOA will obtain the preferred land uses from the City Planning Department and convert them into socio-economic data and conduct model runs with the assistance of OCTA staff. The new model run will represent the General Plan with project conditions.

KOA will conduct post-processing of the model data to obtain a set of peak-hour volumes suitable for operational analysis based on the algorithm obtained from NCHRP-255. During the post-processing process, KOA will evaluate the Santa Ana Environmental Cumulative Project list to ensure all projects are considered in the forecast process. The post-processing will also consider mode-share such as transit, pedestrian, and bicycle increases in the next 25 years.

KOA understands that the cities of Placentia, Yorba Linda, and Brea have developed a Tri-City Traffic Model in the past. However, while conducting the City of Yorba Linda city-wide traffic study and the City of La Habra General Plan update, we understand that the model is not up-to-date; we therefore recommend that it not be used for this project.

Task 5 - Future Baseline (Currently Adopted General Plan) Condition

KOA will forecast future transportation conditions in the City, analyze future development anticipated in the Land Use Element, review circulation elements for adjoining jurisdictions, and assess future transportation needs.

Statement of Qualifications for
City of Placentia
Professional Traffic Study/Modeling Services
Comprehensive General Plan Update - Circulation Element

KOA will calculate AM/PM peak-hour LOS for intersections and roadway segments for the future baseline (currently adopted General Plan) condition.

Task 6 – Proposed General Plan Buildout Traffic Condition Analysis

KOA will make use of the traffic model to project future traffic conditions. KOA will then calculate AM/PM peak-hour LOS for intersections and roadway segments for the future proposed General Plan condition. KOA will also revise future traffic circulation deficiencies and transportation needs as may be necessary for the proposed General Plan conditions.

At a qualitative analysis level, the proposed General Plan Buildout will also include the following components:

- Transit system.
- Non-motor transportation system.
 - Bicycle plans.
 - Pedestrian plans.
- Neighborhood traffic management program.
- Transportation demand management.
- Growth management.

Task 7 – MPAH, CRS and Roadway Classification and Design Standard Review

Through comparison among the City circulation plan, MPAH, and California Roadway System (CRS), a review will be conducted and the functional classification discrepancy will be tabulated by roadway segments. KOA has identified some changes for the City of Placentia through the Regional Capacity Needs Assessment (RCNA) project for OCTA in 2009 and 2010. For instance, the City does not envision Madison Avenue being widened to current MPAH width by 2035. Regarding Bradford Avenue, the City also has the intention of reclassifying this roadway, or portions of it, from a secondary to a commuter, particularly south of Valencia High School. All of this information will be incorporated into the new Circulation Element update.

Task 8 - Assist with the General Plan Document and CEQA Analysis

KOA will assist with various aspects of the General Plan document and CEQA analysis as described hereafter.

Assist the Preparation of Transportation Goals, Policies, Programs and Implementation Measures

KOA will review the current General Plan Circulation Element goals, policies, and programs and provide suggestions for revisions of policies and implementation measures to guide future City Council decision making, as well as to direct future City staff and work program-level actions for achieving outcomes consistent with the Circulation Element. The Circulation Element of the General Plan should strive to address the following objectives:

- Build upon capacities established in the existing roadway network.
- Upgrade transportation services in the area in a financially feasible manner.
- Maximize the use of existing and potential non-vehicular transportation systems.
- Provide maximum accessibility to support the land use plan with the least impact on existing neighborhoods.

Statement of Qualifications for
City of Placentia
Professional Traffic Study/Modeling Services
Comprehensive General Plan Update - Circulation Element

Provide Input on Key Components of the Element

KOA will prepare recommendations for the roadway system by establishing updated roadway classifications and truck routes, as well as by defining minimum standards for level of service for arterial roadway segments and intersections. KOA will also define recommended actions for correcting deficiencies and for modifications, upgrades, and extensions necessary or desirable to accommodate existing and future development consistent with the preferred land use alternative. KOA will provide recommendations for the following other transportation elements:

- Transit.
- Bicycle circulation system recommended locations and cross-sections for Class I, Class II, and Class III bicycle routes.
- Pedestrian system.
- Neighborhood traffic management program.
- Transportation demand management.
- Growth management.

Task 9 – Evaluate Circulation/Mobility Impacts on Sustainability & Climate Change

The sustainability and climate change task may require the analysis of greenhouse gas impact analysis. A methodology has been recently developed for the analysis of green house gas (GHG) impacts, based upon traffic changes. The methodology was developed through actions of the California Air Resources Board (CARB) and is based upon the assessment of changes in vehicle miles traveled (VMT) and average speed of vehicles on all relevant elements of the highway network.

The GHG methodology requires information on roadway link distances, traffic flow on each link, and average speeds for all roadway links. VMT will be calculated and aggregated by speed bin in 5 mph increments. The GHG analysis is a 24-hour analysis, requiring assessment of VMT and vehicle speed bin (in 5 mph intervals) for the peak period and the non-peak period.

Task 10 - Complete the Technical Traffic Study Report

The final traffic study report will include the following sections:

- I. Executive Summary
- II. Introduction and Analysis Methodology
- III. Land Use and Socio-Economic Data
- IV. Existing Conditions
- V. Existing Plus Project Conditions
- VI. Future Traffic Volume Forecast
- VII. Current General Plan Conditions
- VIII. Proposed General Plan Conditions
- IX. Circulation Element Recommendations
- X. Other Components of Mobility Element
- XI. Sustainability and Climate Change
- XII. Conclusion

Task II - Meetings

KOA will attend meetings throughout the General Plan update process, including:

- Kick-off meeting (1).
- Progress and/or public meetings (up to 4).

PROPOSED PROJECT SCHEDULE

The study will initially be submitted approximately four months following authorization, assuming we will receive land-use data on time. Revisions of the final report are normally completed within 2 weeks (12 business days) following receipt of comments.

Placentia City Council

AGENDA REPORT

TO: CITY COUNCIL

VIA: CITY ADMINISTRATOR

FROM: DEPUTY CITY CLERK

DATE: FEBRUARY 7, 2012

SUBJECT: **CONSIDERATION OF CITY COUNCIL MEETING AGENDA FORMAT ALTERNATIVES AND OPTIONS**

FISCAL
IMPACT: To be determined

SUMMARY:

At the City Council meeting of December 20, 2011, City Council directed Staff to review the common practices of other cities and their city council agenda format to determine what alternatives and options exist to enhance transparency and improve efficiencies.

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Review and discuss the City Council meeting agenda format alternatives, and
2. Provide input and direction regarding City Council meeting agenda format revisions.

DISCUSSION:

Pursuant to City Council direction, City staff along with the City Clerk reviewed the agenda format of several other cities and other public agencies to determine if there are more efficient practices that could be incorporated into the current agenda format used by the City. The alternatives presented include revisions to the roll call voting order, how votes are taken and the format for commendations and proclamations.

Voting Process

At this time, the City Council uses a roll call voting order in the following order: Mayor, Mayor Pro Tem, followed in alphabetical order of Councilmembers. In reviewing the voting process of the other cities Staff has identified the following alternatives/options for Council consideration:

- A. Mayor, Mayor Pro Tem, followed in alphabetical order of Councilmembers (the form currently used by the City of Placentia)
- B. Alphabetical order of Councilmembers followed by Mayor Pro Tem and Mayor

4.b.

February 7, 2012

- C. Maker of motion and seconder of motion followed in alphabetical order of Councilmembers and Mayor
- D. Alphabetical order of all Councilmembers
- E. Voice vote for majority of items (roll call required for specific agenda items)
- F. The use of an electronic cast voting system in which Councilmembers votes are posted simultaneously (Exhibit 1)

There is no cost for implementing options A-E. The cost to implement option F is \$30,640 for labor and hardware, plus an additional \$6,000 annually of ongoing maintenance. There is funding available in the Public, Educational and Government (PEG) Fund to implement option F and to pay for the reoccurring maintenance costs.

Voting Method

Several cities rely extensively on a voice vote, rather than a roll call vote of individual Council Members. *Robert's Rules of Order* states that a voice vote (*viva voce*) is the regular method of voting on any motion that does not require more than a majority vote for its adoption. In addition, *Robert's Rules of Order*, stipulates that "either before or after a decision any member may call for, or demand, a count, and, if seconded, the chair must put the question on ordering a count. In organizations where it is desired to allow less than a majority vote to order a count or tellers, a special rule should be adopted specifying the necessary vote. Where no rule has been adopted a majority vote is required to order a count, or that the vote be taken by ballot or by yeas and nays (roll call). Although the roll call method of voting is used for almost all actions taken by the City Council, Section 7.1 of the City Council's Procedure Manual provides flexibility in the method of voting that the Council may use. Specifically, "Motions shall be adopted by either voice vote, roll call vote, voting board or by general consent ("no objections") method. (Roll call or voting board shall be used for adoption of any ordinance and approval of a warrant register (order for payment of money).)" The City Clerk has informed staff that in the past the City Council used voice votes on most matters that came before Council, but over time the City Council shifted to a roll call vote. Although the City Council can continue to use the roll call method on all matters, based on the Council's Procedure Manual other methods are allowed.

Proclamations and Commendations

Currently, all commendations and proclamations are agendized under the agenda's *Presentation* section. Staff has identified the following alternatives/options for Council consideration:

- Agendize all commendations and proclamations under the section titled *Presentations*. This is the form currently used by the City of Placentia (Exhibit 2)
- Add a new subsection under *Presentations* titled *Requests for Proclamations and Commendations*, agendize all items under that section with one recommended action, which will be considered for approval by City Council prior to being presented (Exhibit 3)

Revisions to the City Council agenda format can be made at this time upon direction of City Council. Additional revisions and updates to the format can be made in the future.

Placentia City Council

AGENDA REPORT

TO: CITY COUNCIL
VIA: CITY ADMINISTRATOR
FROM: DIRECTOR OF FINANCE
DATE: FEBRUARY 7, 2012
SUBJECT: **MID YEAR BUDGET REVIEW AND APPROPRIATION ADJUSTMENT**

FISCAL
IMPACT: APPROPRIATION ADJUSTMENT: \$399,620

SUMMARY:

The City Council adopted the original Fiscal Year 2011-12 annual budget on June 28, 2011. Since then there have been two (2) General Fund budget amendments approved by City Council totaling \$45,000. Current revenue estimates are on target with our original projections; however, additional (expenditure) appropriations are required. In order to maintain a balanced budget, it is necessary to make certain mid-year adjustments. This action approves a Resolution amending the Fiscal Year 2011-12 annual budget.

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Receive a presentation on the City's Fiscal Year 2011-12 budget; and
2. Adopt Resolution R-2012-__, A Resolution of the City Council of the City of Placentia, California, authorizing a budget amendment in Fiscal Year 2011-12 in the aggregate amount of \$399,620 in compliance with the City Charter requiring sufficient appropriations for actual expenditures.

DISCUSSION:

At the end of the calendar year, Staff reviewed the current status of the City's financial conditions and determined that additional appropriations of \$399,620 for expenditures are needed.

The City began the fiscal year with a General Fund balance of \$6.0 million. Of this amount \$2.4 million is in the form of a receivable from the Redevelopment Agency, \$2.3 million are receivables from Refuse and other governmental agencies, and the balance of \$1.3 million is in cash. The \$1.3 million in cash is made up of Working Capital deficit bond reserve (\$800,000) and Economic Uncertainty (\$500,000). The City Council has previously approved

additional General Fund appropriations totaling \$45,000 through the end of the last calendar year. Staff is recommending an additional \$350,000 in appropriations to cover unanticipated costs associated with legal services and risk management. The legal issues range from existing litigation the City has been involved in to new litigation the City has initiated or lawsuits the City has to defend itself against. The City has experienced a high number of unexpected claims during this fiscal year. Staff is monitoring the status of current claims and is able to report that many of the current claims have been resolved within the past month or are expected to be resolved within the next several months.

In addition to appropriations for legal services and risk management, Staff is also recommending an additional \$10,000 for information technology support as a result of transitioning to a new information technology vendor. Finally, due to timing of billing the City incurred an expense of \$39,620 in the current fiscal year for maintenance and repairs to the traffic control devices that were done in the prior fiscal year. As a result, we request the Public Works budget be increased by the same amount of \$39,620.

The budget amendment is attached. It is recommended that the City Council adopt the attached Resolution amending the budget for Fiscal Year 2011-12.
