**2. PUBLIC HEARING:**

2.a. **An Ordinance of the City Council of the City of Placentia, California Amending Section 13.48.160 (Title 13 – Vehicles & Traffic) and Adding Chapters 8.10 – Sidewalk Vending (Health & Sanitation) and 13.50 – Sales of Goods from Vehicles (Vehicles & Traffic), to Establish a Regulatory Framework for the Sales of Food and Merchandise from Sidewalk Vendors and Food Trucks**

Fiscal Impact: None

Recommended Action: It is recommended that the City Council:

- 1) Open the public hearing concerning Ordinance No. O-2023-04; and
- 2) Receive the Staff report, consider all Public Testimony, ask any questions of Staff, and
- 3) Close the public hearing; and
- 4) Find that adoption of Ordinance No. O-2023-04 is exempt from environmental review and direct Staff to file a Notice of Exemption once the Ordinance is adopted, pursuant to CEQA Section 15061(b)(3); and
- 5) Waive full reading, by title only, and introduce for first reading, Ordinance No. O-2023-04, an Ordinance of the City Council of the City of Placentia, California, finding that approval of the Ordinance is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Section 15061(b)(3) and amending the Placentia Municipal Code, Section 13.48.160 (Title 13 – Vehicles & Traffic) and adding Chapters 8.10 – Sidewalk Vending (Health & Sanitation) and 13.50 – Sales of Goods from

Vehicles (Vehicles & Traffic), to establish a regulatory framework for the sales of food and merchandise from sidewalk vendors and food trucks.

Mayor Smith opened the Public Hearing at 7:45 p.m.

City Administrator Arrula introduced Director of Development Services Joe Lambert who gave a presentation on Ordinance O-2023-04 regarding sidewalk and outdoor vending businesses. Mr. Lambert noted that Assistant City Attorney Russell Miyahira and Code Enforcement Officer Dan Pivoroff were in attendance to answer any questions.

Councilmember Kirwin inquired about enforcement efforts after City Hall hours.

Mr. Lambert explained that requests are disseminated to members of the Code Enforcement team and there is a local part-time enforcement officer who can respond to after-hour calls. In addition, Code Enforcement has Friday and Saturday coverage. The Police Department is also available to assist if necessary.

Councilmember Wanke inquired about nuisances such as smoke, noise, light, litter and damage to landscaping from these types of businesses. He also commented on handicap accessibility issues related to sidewalk vendors who erect canopies. He highlighted the importance of having code enforcement coverage during off-hours.

There was a discussion about mobile cart vendors and vendors on private property. Assistant City Attorney Miyahira provided information about the sidewalk vending law and permitting limitations.

City Administrator Arrula commented on enforcement actions taken in conjunction with the County Health Department where equipment is seized.

Councilmember Wanke inquired about operating hours in the Ordinance stating that midnight operating hours are too late. He suggested 9 p.m.

A discussion ensued about operating hours for various businesses in the City and operating hours proposed for sidewalk vendors.

City Administrator Arrula proposed that the City Council, in their motion, amend the operating hours if midnight is too late.

Councilmember Shader inquired about special events that might have a taco truck or other food truck and go beyond 9 p.m.

Development Services Director Lambert responded that a request to go beyond the 9 p.m. for a special event would be handled administratively.

City Attorney Bettenhausen added that the City can prohibit or allow these types of uses for special events.

Councilmember Shader expressed concerns about the permitting costs for mobile sidewalk vendors, such as ice cream cart sellers. She urged for reasonable fees for these types of vendors.

Development Services Director Lambert noted that the fee is \$150 a year.

In response to Councilmember Wanke's concerns about smoke from cooking, Assistant City Attorney Miyahira responded that open flame cooking is prohibited.

Mayor Pro Tem Yamaguchi inquired about restaurants who may want to sell on the sidewalk and whether they would need a separate permit.

Development Services Director Lambert responded that the equipment that they use on the sidewalk would need to be certified by the Health Department.

A discussion ensued about equipment that uses gas and zero emission requirements for generators.

In response to Mayor Pro Tem Yamaguchi's question about signage, Assistant City Attorney Miyahira noted that signage must be stored either inside or affixed to the cart and cannot be placed on any public property. He noted the size requirements listed in the Ordinance and referenced municipal code signage requirements.

Mayor Pro Tem Yamaguchi stated that a correction is needed on Page 19, under G.3, to change the wording to "maximum 30 days" rather than "minimum of 30 days". He also expressed concerns about the enforceability of noise that carries over a property line.

A discussion ensued about portable generators and the noise and emissions that are created. Mayor Pro Tem Yamaguchi shared information about battery zero emission generators that are now available.

Mayor Smith expressed support for the regulations. He suggested that code enforcement conduct compliance spot checks for sidewalk and food trucks vendors. He also commented on the County Health Department inspections, and CHP or other law enforcement agencies that may conduct inspections of commercial vehicles. In response to his question about the number of inquiries that Code Enforcement receives, Director of Development Services Joe Lambert responded 3-5 inquiries per month.

Mayor Smith closed the Public Hearing at 8:55 p.m.

City Attorney Bettenhausen summarized the changes recommended by Council as follows:

Page 19, Section 8.10.120, Subsection G.3, change the word "minimum" to "maximum"; Page 15, Section 8.10.110, Subsection C.5 changing the language to "open flame or generators on withing or in conjunction with any cart except as otherwise permitted under federal, state or local law"; and Subsection C.7, changing operating hours, "conducting sidewalk vending activities anywhere in the city between the hours 9 p.m. and 8 a.m." and "adjacent to commercial uses, and then conducting sidewalk vending activities anywhere in the city between the hours of 9 p.m. to 8 a.m. adjacent to any other uses."

Motion by Shader, seconded by Yamaguchi, and carried a (5-0) vote to approve Item 2.a., as recommended and amended per the changes read into the record by City Attorney Bettenhausen.

### **3. REGULAR AGENDA:**

#### **3.a. Study Session: SCE LED Streetlight Conversion Project**

Fiscal Impact: None

Recommended Action: It is recommended that the City Council:

- 1) Receive and file the Staff report and Presentation; and
- 2) Ask any questions of Staff; and
- 3) Review, discuss and determine the color choice for residential and arterial streetlights; and
- 4) Authorize the City Administrator and/or his designee to submit the LED street light color choices to SCE for the Schedule LS-1 Option E, Energy Efficiency-Light Emitting Diode (LED) Fixture Replacement Rate Agreement for the City of Placentia and the SCE.

**Received and Filed. Direction provided.**

City Administrator Arrula introduced Senior Management Analyst Robinson who gave a presentation on SCE's LED Streetlight Conversion Project. She explained the process noting that the first step is for the Council to decide on the color choice for residential and arterial streetlights. She also discussed costs for replacing the mission bell lighting since those lights are not part of SCE's LED Streetlight Conversion Project. She also discussed shielding options.

Councilmember Shader expressed support for the project noting that she is supportive of 3,000K throughout the City. She commented on the number of residences throughout the City that abut an arterial street and expressed concerns about lighting impacts. She noted that she appreciated shielding options where the light may be affecting a homeowner.

Councilmember Kirwin commented on the different types of streetlights and lighting throughout the City noting that the patchwork of lights in some areas of the City is not appealing. He expressed support for 3,000K throughout the City and inquired about the mission bell streetlights stating that he is not supportive of changing the lights as they fail. He urged for consistent lighting throughout the City.

A discussion ensued about the cost of retrofitting the mission bell streetlights. Senior Management Analyst Robinson noted that the initial estimate for the City to retrofit the mission bell lights is upwards of a million dollars. She noted that a meeting will be scheduled with SCE, City Administrator Arrula and herself to discuss alternative options. She noted that 2.3 million will be saved over 20 years in SCE's conversion project.

City Administrator Arrula noted that the Council could proceed with the conversion minus the mission bell lighting or convert completely to the cobra head lighting in SCE's program. He noted the long lead time once the City applies for the program.

A discussion ensued about converting only the residential streetlights and completing the arterial streets at a different time. City Administrator Arrula discussed cost savings and the need to meet with SCE to discuss the project further.

Councilmember Wanke expressed concerns about LED lights on human health and commented on the differences between white and yellow lights. He expressed support for 3,000K throughout the city and noted that he appreciates the shield option available to residents.

Mayor Pro Tem Yamaguchi stated that he favors Anaheim's lighting which is higher temperature 4,000K on the arterial streets and warmer temperatures 3,000K on residential streets. He expressed support for 4,000K on arterial streets for safety and crime prevention. He noted that shields may be necessary for lights that abut both an arterial and residential street.

Mayor Smith concurred with Mayor Pro Tem Yamaguchi and expressed support for the 3,000K/4,000K option. He reiterated the importance of lighting for safety and crime prevention.

In response to a question by Mayor Pro Tem Yamaguchi about residential and arterial streets that intersect, Deputy City Administrator Estevez explained that lighting would be based on street type.

Motion by Wanke, seconded by Shader and carried a (2-3 Kirwin, Smith, Yamaguchi voted no) vote to proceed with 3,000K lights for both arterial and residential streets excluding the mission bell lights until a plan for replacement of the mission bell lighting can be developed. Said motion failed.

Councilmember Kirwin expressed concerns about unknown costs to the City for the retrofit of the mission bell lights.

City Administrator Arrula stated that Staff, after meeting with SCE, will come back with a plan for the mission bell lighting. He emphasized the savings of 2.3 million over 20 years noting that SCE is advancing all the capital costs for this project. He added that SCE has agreed to replace the mission bells lights as they burn out.

Councilmember Kirwin urged for consistent lighting stating that replacing the mission bell lighting as they burn out would create inconsistent lighting.

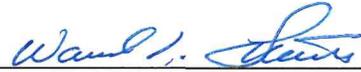

Motion by Yamaguchi, seconded by Smith and carried a (2-3 Kirwin, Shader, Wanke voted no) vote to proceed with 4,000K lights for arterial streets and 3,000K lights for residential streets excluding the mission bells lights until there is a plan to convert them all to LED at a separate date. Said motion failed.

Motion by Wanke seconded by Shader and carried a (4-1, Smith voted no) to proceed with 3,000K lights for both arterial and residential streetlights excluding the mission bell lights until Staff can meet with SCE and costs can be determined and brought back to the Council for action.
